External one way contra vision.

“ Coming together
is a beginning. Keeping
together is progress.
Working together
is success ”

Henry Ford

Henry Ford was an American industrialist, the founder of the Ford Motor Company, and sponsor of the development of the assembly line technique of mass production. July 30, 1863, - April 7, 1947.

Fresh air!

Working closely with Zinc interior architects, The Sussex Sign Company produced a full service for both exterior and interior signage - from 92 windows of external contra vision to massive internal wall coverings.

We used over 200 metres of various media fitted over 4 days to make the launch, which was a fantastic success. **CEO David Stalker** was 'delighted' with the result and we are now working on the second site for Southampton already.

Look out for our new website, coming soon!
