## Mobil 1 TEAM 2015.

Pushing the frontiers of technology and design the University of Sussex students produced a streamlined racing vehicle that challenges any Formula 1 car. The Team will be racing against other universities from around the world at Silverstone this July.

The creative design for the surface of the vehicle was hand painted on the prototype by María Inés Aguirre and The Sussex Sign Company brought it to life with their expertise and experience and produced an immaculate full wrap for the final vehicle which was unveiled to a rapturous audience of dignitaries including Peter Field, the Lord Lieutenant of East Sussex, and Cllr. Lynda Hyde, the Mayor of Brighton and Hove.
