For arts sake!

The Ropetackle Arts Centre, Shoreham, is one of our community projects who we help support yearly with The South Coast Jazz Festival. Their new signage is a beautiful LED illuminated aluminium black sign tray, complete with a 3mm opal acrylic panel and applied translucent commercial vinyl.

Look out for The South Coast Jazz Festival next January.

What makes us special...

Our Management Team will deal with your property from start to finish, they will know your property as if it is their own. No Saturday staff or temporary staff will show your property.

The biggest and most common complaint about Estate Agents is the lack of feedback and no follow up calls from the viewers. Having sold a number of properties over the years ourselves, we are aware of how frustrating this can be.

We will call you to confirm a viewing and immediately afterwards feedback a buyers response. We also send emails with weekly updates, so that we can keep a close eye on the marketing of your property and the current market place.

When your property is under offer, you will be fully informed of what is happening within the sales progression, so you will never be at home and wonder what is happening, as this search can be extremely frustrating.
