▶ production team member

Reports to: Production Team Leader and Production Manager

Forming part of the Production Department, essentially responsible for performing all aspects of signage preparation, fabrication and installation and maintenance of a diverse portfolio of signage solutions; which includes but is not limited to sign vinyl and large format digital print preparation and application; roll to roll laminating; sign vinyl installations such as window manifestations, large format prints, window frosting and vehicle livery; including vehicle wraps. In accordance to written and/or verbal instructions, established by company procedures, safety whilst performing quality control.

Flexibility is an imperative as duties for this position will change frequently.

You will be able to demonstrate an enthusiastic, team-oriented work ethic with the flexibility and willingness to take on any task. You should display a forward-thinking, positive outlook and offer strategic productive solutions. You need to have exceptional multi-tasking skills, high attention to detail, and ability to take ownership of projects from start to finish.

KEY RESPONSIBILITIES:

- Working off-site maybe required throughout the United Kingdom which may require stay-aways.
- Be able to work overtime if required.
- Ability to read floor plans, construction and schematic documentation.
- Working within the Production Department, to keep the external client, internal client and any third parties up to date with any issues at all times and to appropriately escalate issues to the Senior Management team as required.
- Working in a supportive role within the Production Department to deal with any issues / problems that arise from the fabrication/production and manage external client appropriately.
- To be able to weed and tack vinyl accurately and at a commercially viable pace.
- Application of vinyl graphics to various surfaces (including vehicle livery and wraps) at a commercially viable pace whilst maintaining quality using a variety of methods including weed borders and both dry and wet application.
- To measure and cut substrates and media with a clean edge ready for making into signs, banners and graphics using various powered saws, scalpels and other cutting tools.

▶ production team member

- To use the hot and cold laminator correctly using the standard safety procedures.
- To use the vinyl applicator machinery correctly using the standard safety procedures.
- Must actively inspect own work for quality control in particular to watch incorrectly cut substrates & vinyl, bubbles and marks, spelling mistakes, typographical errors, misalignment of graphics and so forth; remembering that you may well be the last person to closely examine a sign prior to delivery to the client or installation.
- Working in a supportive role within the Production Department, work closely with all internal departments including, but not limited to Design and, Production Teams in preparation and execution of confirmed proposals.
- Contribute resourceful ideas and suggestions in a team setting.
- Working in a supportive role within the Production Department, provide and facilitate a Production Consultation Service on behalf of **The Sussex Sign Company** with new and potential external clients.
- Operate a wide variety of hand held equipment and machinery in the installation and application of signage.
- Assist in finding efficiencies for the department.
- To help maintain a clean and tidy working environment – including company vehicles.
- Delivering completed signage orders to clients.
- Additional support, when required within the Installation Department.
- Demonstrate the ability to handle many issues, items and functions at one time and deal rapidly with multiple items in prioritized sequence.
- Demonstrate the ability to set and prioritise goals and achieve them as scheduled.
- Demonstrate flexibility to adjust to rapidly changing requirements and schedules.
- Demonstrate an analytical approach to problem solving.
- Demonstrate the ability to act on own initiative.
- Demonstrates a desire to learn, willingness to do both menial tasks and take on more complex challenges
- Demonstrate the ability and willingness to work with the design team to achieve their best.
- Demonstrate the ability and willingness to take direction from management.
- Demonstrate the ability and willingness to seek suggestions from peers and associates.
- Demonstrate the ability and willingness to show leadership by consistent example.
- Demonstrate the ability and willingness to build and maintain positive relationships. Possess the ability to work with management to achieve Company goals including customer satisfaction and company profitability.
- Demonstrate willingness to accept direction from management to improve quality and performance.
- Demonstrate willingness to work together with peers and other departments to improve quality and performance.
